Garden: I'm sure you will have noticed the hard work that has been done in the church garden by our new gardener. He has cleared a lot of weeds and vegetation and will be putting in some new plants and shrubs.

It will take time but he will be improving the look of all the gardens in the next months.

CAFOD has sent a letter thanking you for all the recent donations to the Fast day and to the wall box. The letter tells us that in Syria since 2012, through church partners, families are being helped to cope with the devastating impact of the conflict. CAFOD money has provided clean water, blankets, clothes, toiletries, cooking utensils and shelter and education.

In Lebanon and Jordan CAFOD continues to support refugees with health care, legal advice, shelter, education and some cash to help people buy food and pay rent.

Please keep these people struggling with much adversity in your prayers.

Do you know someone struggling with addiction, disillusioned with life?

Mother Elvira, an Italian nun, set up Cenacolo to help all the young people she saw who had lost their way. The communities around the world work to prove that life can be enjoyed without taking drugs, gambling or alcohol and their success rate is remarkable.

The communities are all self sufficient so the residents work in the garden growing vegetables, do repairs, cook and clean etc.
